MA and NH FY2015 Permits for EJSCREEN 110414.xlsx

Gordon,

It looks like you used the wrong spread sheet of permits because a lot of permits we have already issued are on the map and table which should not be. (e.g. Grafton, Uxbridge, Gulf Oil Chelsea, Chelsea CSO, many more). I have attached the correct excel spread sheet of FY2015 permits to use. I hope I did not send you the wrong one initially. The Title, key for the MA maps looks right, and the readability is good showing the facility names and the stream names clearly, with the highways and city names in background grey.

David

Hi Dave,

Here are the maps you wanted. Let me know if you need any changes. I printed both maps out. You can pick them up anytime in the GIS Center.
